

DISTRICT BOARD AUTHORITY

A-210

As a body created under law by the State of Wisconsin, the Blackhawk Technical College District Board has full authority, within the limitations of federal and state laws and the interpretation of time, to carry out the will of the people of this District in matters of technical and adult education.

The legal authority of the District is derived from the State, which determines the degree of discretionary power of the District Boards and the people of the District for the exercise of local autonomy.

Legal authority is granted only to the Board as a whole. Individual Board members or groups of Board members do not have independent authority to speak for the Board and should make no out-of-meeting commitments unless directed to do so on behalf of the Board.
